(57) Abstract :

The composition consists of extracts of 6 herbs in coconut oil viz. Wrightia tinctoria (fresh leaves), Cynodon dactylon (fresh leaves) Psoralea corylifolia (seeds), Nigella sativa (seeds), Chrysopogon zizanioides (roots) and Barbadensis miller ((leaf flesh) in specific ratios w/w. 52:23:10:5:5:5 respectively in coconut oil. For use, the oil is applied on the affected skin for 15 - 30 minutes and 2 - 3 times a day. The process is continued for three to four months for better results. The topical composition of the present invention is free from side-effects and therapeutically very effective.
