2)GULERIA, Kalpna

Address of Applicant :Chitkara University Research and Innovation Network, Chitkara University, Chandigarh-Patiala National Highway, Village Jansla, Rajpura, Punjab - 140401, India. -----

(57) Abstract :

The present disclosure discloses an eyewear with an audio system (100), the eyewear (100) comprises a frame (102) to be worn proximate to eyes of a wearer, and an audio system (104) detachably coupled to the frame (100) that enables the user to listen audios. The frame (102) include a first GPS sensor (108) to detect location of the frame, and a first alert unit (110) to produce a first acoustic sound upon receiving a first instruction from a mobile computing device. Additionally, the audio system having a pair of earpieces (122), a second GPS sensor (124) to detect location of the pair of earpieces (122), and a second alert unit (126) configured to produce a second acoustic sound upon receiving a second instruction from the mobile computing device.
