(57) Abstract :

The present disclosure pertains to multipurpose training aid 100. The multipurpose training aid 100 includes a housing 102 that includes a duster 104. The duster includes at least one flippable side used for cleaning the whiteboard or blackboard in the classroom. It also includes a pointer light, torch and a switch module that includes a switch for the operation of projector, pointer light and torch. A control unit is included in the housing to control the operation of projector. A power source is included in the housing. The power source may provide power for operation of the various components of the teaching aid.
