Filing Date :NA

(87) International Publication No : NA

(61) Patent of Addition to Application Number :NA
Filing Date :NA

(62) Divisional to Application Number :NA
Filing Date :NA

(71)Name of Applicant :

1)Chitkara University

Address of Applicant :Chitkara University, Chandigarh-Patiala National Highway, Village Jhansla, Rajpura, Punjab - 140401, India. Patiala -----

2)Bluest Mettle Solutions Private Limited

Name of Applicant : NA

Address of Applicant : NA

(72)Name of Inventor :

1)MISHRA, Rahul

Address of Applicant :ODC-4, Panchshil Tech Park, inside Courtyard by Marriott premises, Hinjewadi Phase - 1, Pune - 411057, Maharashtra, India. Pune -----

2)SINGH, Dhiraj

Address of Applicant :ODC-4, Panchshil Tech Park, inside Courtyard by Marriott premises, Hinjewadi Phase - 1, Pune - 411057, Maharashtra, India. Pune -----

3)MANTRI, Archana

Address of Applicant :Chitkara University, Chandigarh-Patiala National Highway, Village Jhansla, Rajpura, Punjab - 140401, India. Patiala -----

(57) Abstract :

The present invention relates to the field of telecommunications and embedded system (100). More specifically, the system (100) pertains to the field of profile management in Embedded Universal Integrated Circuit Cards (eUICCs). The invention introduces an improved profile management system (100) that enables efficient and secure management of multiple network profiles on a single eUICC, allowing seamless switching between profiles without the need for physical card replacement. The profile management system (100) for embedded universal integrated circuit cards (eUICCs) addresses the limitations of traditional SIM cards and existing eUICC solutions. By introducing enhanced security measures, efficient profile switching, improved compatibility with various communication networks, remote profile management, and an enhanced user experience, the system (100) revolutionizes profile management in eUICCs, providing users (110) with a flexible, secure, and seamless network (108) connectivity experience.
